(A) 2000 & 2010 Census; (P) Office of Financial Management Projections - Medium Series

Assumptions: (1) Population growth is spread across each city with percentage of total County population from Census 2000 & 2010 figures. (2) Does not include existing unincorporated populations that may be annexed into city limits, therefore actual city populations may increase as areas are annexed. (3) Some differences due to rounding.
