Pipe Manufacturing +
Operations

RENE COLLIN

President / Managing Partner

25 years of
Experience in
Plastics/Masterbatch

TOM TITUS

VP of Sales

25+ years of
Experience in
HDPE Pipe

How many gallons of treated drinking water are lost each day in the U.S. due to aging or failing infrastructure?

**Answer:
6,700,000,000 gallons!**

What percentage of treated drinking water in the United States is lost through leaks before it reaches the tap?

**Answer:
20% (!)**

What is the yearly cost of these losses to the United States?
\$7,000,000,000 - \$9,000,000,000

Community Significance

Water infrastructure
is critical to every
community

The piping system
determines long-
term reliability

Century Pipe LLC helps
solve the infrastructure
dilemma

Century Pipe: Origin Story

01

Today is the result of a four-year journey.

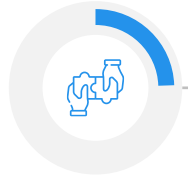

02

Expansive market research in the Northwest region.

03

Identified the need for a regional pipe manufacturer in the Northwest

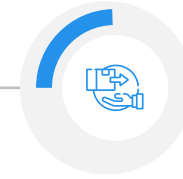

Financially Robust & Well Positioned For Continued Growth.

Key vendor partnerships established

Exceptional relationships with strategic partners.

In-depth understanding of the distribution model and the demands of pipe manufacturers enables us to best meet our clients' needs.

1181 RAILEX RD. BURBANK, WA 99323

Production Facility Specifics

Production Facility Specifics

LINE 1:
2" – 12"

LINE 2:
8" – 24"

LINE 3:
18" – 36"

Ability To Expand To (5) Lines

WHY HDPE PIPE?

No corrosion. No leaks.

Flexible in shifting soils

100-year design life

Built for long-term reliability

Benefits Of HDPE Pipe

Environmentally friendly

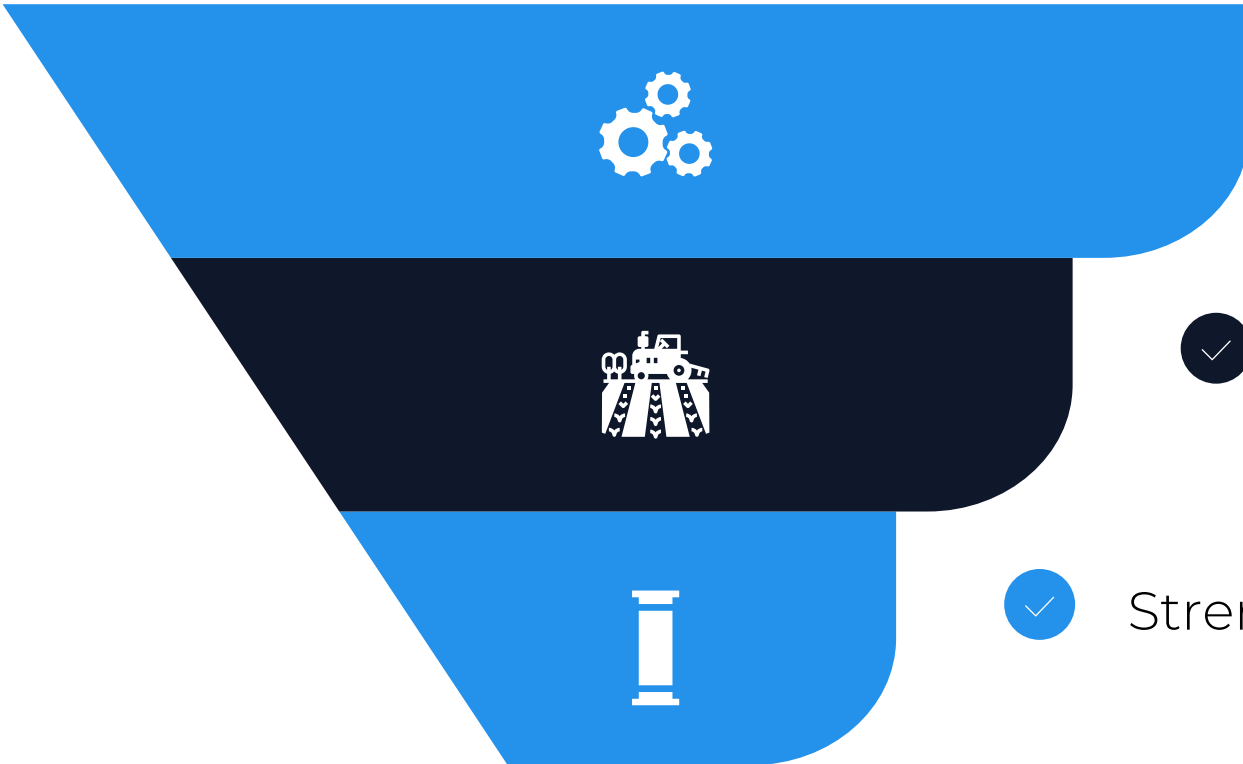

Closed-loop manufacturing process

NO WASTE!

Why Walla Walla Co?

- ✓ Walla Walla County sits at a crossroads of growth
- ✓ Supports agriculture, municipalities, and energy
- ✓ Strengthens regional manufacturing

Why Burbank, WA?

60,000+ population of
Walla Walla County

Workforce
potential

Opportunity for
adjacent industries

320,000+ population in
the Tri-Cities area

Strategically location
advantage

Infrastructure Shift

Aging systems across
North America

Utilities moving to
longer life materials

HDPE demand
accelerating

≡ Vision

- ✔ More than a manufacturer
- ✔ Part of next-gen infrastructure
- ✔ Supporting communities and growth
- ✔ Committed to growth in Walla Walla Co.
